# Introducing CHAOSS

Community Health Analytics Open Source Software

A Linux Foundation Project

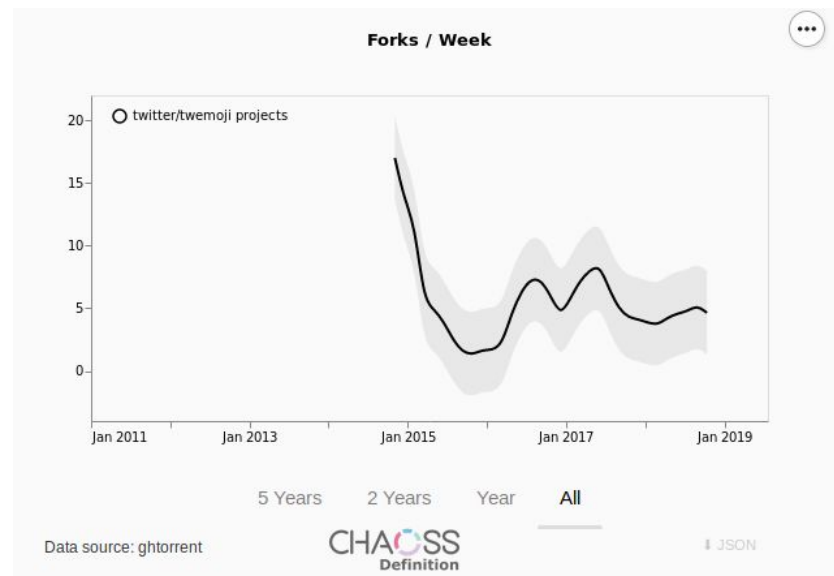

Two Years Old

Metrics for Diversity, Health, Risk, Value

<https://chaoss.community>

Weekly online meetups - ALL WELCOME

Open Source Tools for Metrics Collection and Analytics

# What are Value Metrics ?

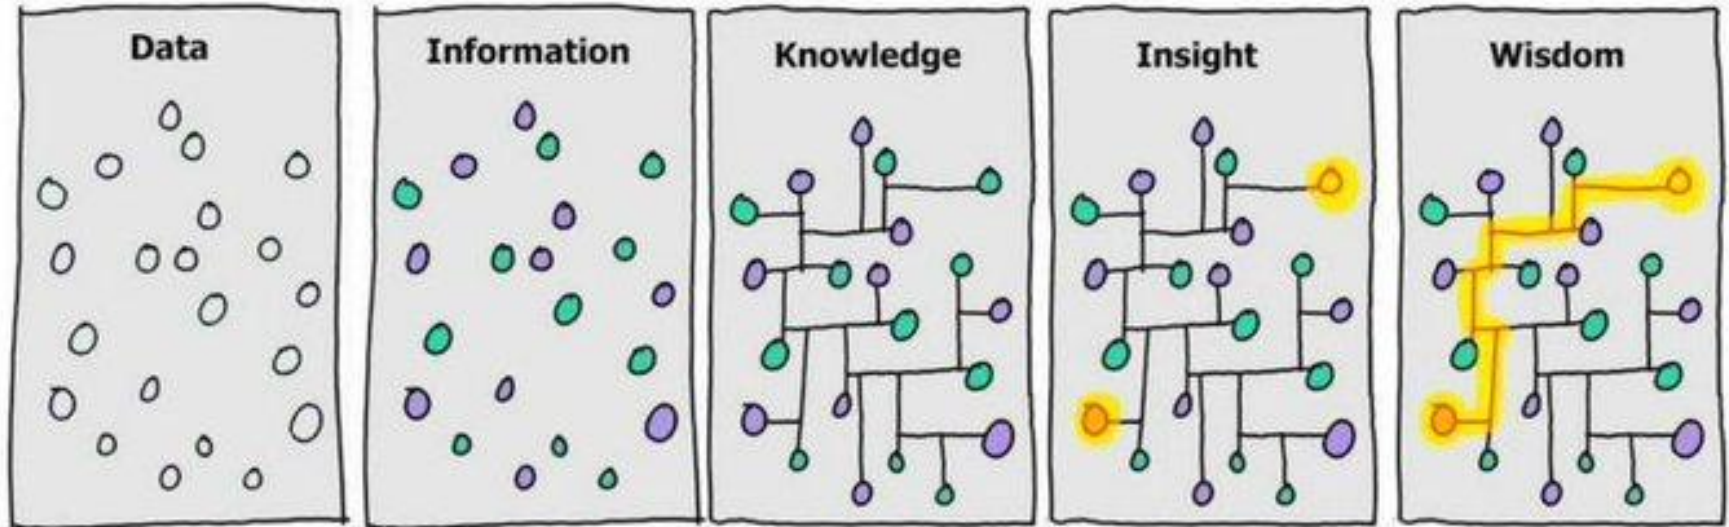

Metrics that indicate Economic Value - things like:

- Cost to fix a bug
- Time to launch a project
- Cost to recruit a candidate
- Value of your Open Source Brand

Common Themes:

- Metrics used to gauge Competitive Advantage
- Metrics used to guide Business Decisions for resource allocation

# We are just getting started!!

# Goal: Grow the Open Source Pie

Value Metrics => Frameworks to Streamline Business Decision Making

“**Bill Gates** has said that his biggest mistake at Microsoft was allowing Google to develop Android - and it cost the company \$400 billion.”

- Business Insider

# Our Target Audience

OSPO Manager

how can I **justify my program budget** to my management?

OSS Contributor

how can I **make a living wage** in Open Source?

# Help Wanted!!

## Steering Committee

OSPO Managers

Economic Experts

Economists

Investment Bankers

Financial Analysts

Strategy Consultants

## Software Developers

Postgres

Docker

Python

Javascript

Elixir

Bash

# OSS Value Metrics Discussion

What are your interests?

Who should we focus on? (Who cares?)

Would you like to be a part of a value community?

What is the best way to keep you informed?

Who should we partner with?

What metrics are most important to you ?

...
